

INVERLOCH JAZZ FESTIVAL 5 - 8 MARCH 2010

Information for Band Leaders / Musicians

1. Individual Musician Registration and Band Registration forms are overleaf. Please fill them in carefully and legibly. All musicians, except Big Band members who are playing in another band, must complete the Individual Musician Registration Form. Registration fee - \$5.
2. Big Band Registration forms are included separately
3. Registrations close at receipt of mail on Friday January 22nd 2010
4. **Bands cannot be listed unless the band leader and at least half of the nominated band members are pre-registered by Friday January 22nd 2010.** The **band leader** should check with all the musicians listed in the band to ensure that each consents to be a member of the band, and that each has a reasonable intention of attending the jazz festival, before returning the form.
5. All programmed spots will be 45 minutes, **which includes set-up time and clear-up time.** Stage managers should not have to remind band leaders of this condition.
6. Every attempt will be made to program each band for two sessions. To facilitate this, we must limit the number of bands that we register for the festival.
7. On Saturday and Sunday in 2010 we are looking for bands to play sessions on the street stage and the Picnic in the Park on the Monday. There will be non-programmed playing areas as well, e.g. cafes and restaurants. You must make your own arrangements with proprietors of these businesses.
8. **Musicians are encouraged to join in the Saturday morning Street Parade and can indicate their interest overleaf.**
9. Early arrival (Friday night) musicians will be provided with drink vouchers. These must be redeemed on the Friday night and at the Community Centre bar only.
10. Programmed areas will have available a piano, drum kit, bass amp, guitar amp and quality front line gear.
11. It is considerably easier to program bands that are available for a large number of the available time slots. Bands that strictly limit their availability run the risk of being crowded out of their preferred slot and perhaps missing out on a place in the festival program.
12. Programming clashes may be unavoidable when musicians register in more than 3 bands.
